

## Mission

To provide on a non-profit basis affordable accommodation *and services* through which charitable or non-profit organizations and associations, which meet the admission criteria of the Corporation, render services to the needy, the poor, *and arts and cultural communities* of the Regional Municipality of Ottawa-Carleton and the surrounding areas.

## Statement

Bronson Centre is a 45,000 ft<sup>2</sup> complex and community hub. We are situated on ¾ of a city block in downtown Ottawa. Formerly a high school, today we are home to 35+ not-for-profit organizations. We also offer a 1000-capacity performance venue, 200+ person community hall, and seven studio/meeting rooms. Our buildings were constructed in 1928, 1948, 1958, and 1962, thereby contributing to the heritage appeal of our neighbourhood.

For not-for-profit organizations, community associations, and the general public seeking affordable space, we are the go-to resource for ethnic & cultural communities, arts organizations, Indigenous peoples, at-risk youth, women, seniors of various linguistic backgrounds, mental/physical health communities, and many more. We welcome and celebrate diversity.
